Development aims (Mandatory)

Number of characters: 0 of max 2500

Describe the core areas that you would like to develop within the Globus FORWARD support and why?

Help-text for the question:

List of possible development objectives:

- Clarify their own role, purpose and strategic priorities
- Adapt and further develop the structure and format of the collaboration
- Develop communicational capacities and advocacy
- Embed monitoring and learning processes
- Advance language diversity, equity and fair practices in the collaboration
- Develop partnerships and coalitions

- Improve sustainability efforts and planning
- Further develop financial management and fundraising strategy
- Build the capacities of staff and leadership
- Develop practices to enhance physical and digital security, e.g. working in unstable locations or contexts
- Build legal competences

Activities within the development plan **(Mandatory)**

Number of characters: 0 of max 2500

What kind of activities will be included in the development plan, covering the grant period? The development plan can be adjusted and concretised later.

Help-text for the question:

The grant can cover targeted/specific activities within the chosen areas (e.g. consultations, material costs, expert sessions, etc.). The activities can also be completely or partly integrated into the grantee's own general operations and artistic practice/method, provided it is clearly demonstrated how this contributes to the development of the collaboration/organisations within the selected core areas.

Engagement and participation **(Mandatory)**

Number of characters: 0 of max 1000

Who do you want to engage in the development activities. Describe both the participants from within the collaboration as well as possible external resource persons/experts that you would like to include. These can be adjusted later.

Countries involved in the activities **(Mandatory)**

Select from the list below all the countries in and outside the Nordic region that are involved in the activities. The information is primarily for the Fund's country statistics and may be published, e.g. in grant lists on the Fund's website.

Help-text for the question:

Involved or connected countries can be e.g. the applicant's country, the partners' countries, the locations of activities and the participants' countries of residence and/or nationalities.
